Cultural Diversity & Integration in Kerry

The Integration Implementation Group launched a competition to design a poster to promote Cultural Diversity and Integration in Kerry. Just over one in ten of the population in Kerry are non-Irish and the aim of the campaign is to raise awareness of the rich cultural diversity that exists in the County and the opportunities this can bring to our communities.

The winning and twenty short listed posters for exhibition were selected from a wide range of entries from individuals, groups, students and covering a number of different mediums. The judging panel comprised four judges covering the areas of creative art, media and integration. The assessment process was based on how well the theme was addressed, visual impact and creativity.
